You will find further detailed technical information in the survey **Litz wire table**.

The different qualities of enamelled copper wires are depicted in the **Table fine wires**.

For the delivery of our products you will have, depending on the type of (litz) wire and the quantities requested, different sizes of **reels** at your disposal.

During the production of litz wire and other fine wires we follow strict quality rules. Please check the relevant certificates under chapter **Norms**.
